

OUR REFERENCES...

These are families who have experienced our service. We encourage you to call any of them to learn how our style of service meet the needs of every generation of their family and resulted in a beautiful service.

Take a closer look at us. Some questions you could ask:

1. What was the most meaningful part of the funeral event?
2. How did the funeral home help in an extraordinary way?
3. How was the family involved in the service?
4. What did the attendees say about the service?
5. Did you receive a good value for the price that you paid?

- Brad & Debbie Miller - Pinckney 734-878-5595
 - “It’s the little things that make the difference and your funeral home did many little things; picking up my father in a timely manner, seeing our family to make arrangements on a Sunday evening, arranging my fathers knick-knacks, helping our children to understand the preparation of my father (he looked wonderful), adding to the service with your comments about the ‘Pieta’ and the Rosary, the video of his life, the Marine Corps salute, the white dove, flower seeds and the temporary marker. I realize you probably consider most of these efforts part of your job, but you should know that your respectfulness and grace through this difficult time made a difference. My family and I are eternally grateful and are very glad my father chose your home, to help put him to rest.”
